The 1961 McKendrean

McKendree College
Lebanon, Illinois

Dedication

The foremost reason for attending college is to further one's education. Realizing this, the 1961 MCKENDREAN staff has chosen scholarship as the theme for this book.

One faculty member in particular exemplifies this theme and the academic spirit in general. We of the staff feel it only fitting that her long and meritorious service to McKendree College and to education be recognized.

Thus, it is with the utmost pleasure and deepest humility that the 1961 MCKENDREAN is proudly dedicated to DR. MILDRED SILVER.

Dr. Max P. Allen . . .

came to McKendree College in June of 1960 and soon won the admiration of everyone with whom he came into contact by virtue of his ambition, diplomacy, resourcefulness, and courage in the face of adverse conditions.

Dr. Allen was educated at Indiana State Teachers College and received a Ph D in history from Indiana University. He came to McKendree from Northern Michigan College where he displayed considerable talent in the position of Director of Instruction for four years, before accepting the presidency of McKendree College.

It is hoped that McKendree's twenty-seventh president will have a long and successful tenure, and that under his leadership the 133-year-old institution of learning will regain the stature she once held in the academic world.

BISHOP'S MEET STUDY OF McK

This is to Certify that

Emerial Lee Owen, Jr.

has been selected to appear in the 1950-51 Edition of

Who's Who Among

Students

In American Universities and Colleges

from

McKendree College

This honor comes in recognition of the merit and accomplishment of the student who was officially recommended by the above named institution and met the requirements of this publication.

ROBERT CAMPBELL A.B.

Would not this book be incomplete without a capable Editor-in-Chief? Bob, editor of the 1961 McKendrean, certainly has displayed his leadership abilities, as this book graphically illustrates.

Bob spent three years at McKendree, transferring from Millikin University. While at McK he was active in many campus activities, especially dramatics. He served as President of Alpha Psi Omega for two years, was an officer in Stage Crafters, and participated in several plays that were presented by the Dramatics Department.

A History major, he was President of his Junior class, and during his senior year was Secretary-General of the Public Affairs Forum. He also served on the Religious Life and Student Faculty Councils for two years.

The social, friendly, honest man,
Whate'er he be,
'Tis he fulfills great nature's plan,
And none but he.

Robert Burns

SARA DAECH HART A B

A Speech major who plans to teach after graduation, Sara has been active in many activities at McKendree. Her devoted interest in dramatics is displayed through her hard work in Stage Crafters and Alpha Psi Omega, both drama organizations in which she has served as an officer, and her participation in many college dramatic productions. In her junior year she was student director of a play entitled "Christ In The Concrete City."

Sara is also a member of Sigma Tau Delta and Clio, and has won several Excellent ratings at the Bradley University Speech Tournament.

During her four years on campus, we often saw her working in the main office or at registration — the means of paying for her college education.

The music that can
deepest reach
And cure all ill
is cordial speech.

Ralph Waldo Emerson

FRED HELEINE A.B.

Originally from Marshall, Illinois, Fred has spent all four of his college years at McKendree. Certainly a very diligent worker, he has been an active member of Philo, having held several offices in that organization. He has also been active in M.S.M., Kappa Chi, and his senior year was Vice-Chairman of the Religious Life Council.

A Social Studies major, Fred is quite interested in Journalism and served as Editor-in-Chief of the McKendree Review for three semesters. Fred is a serious, quiet, dependable, and sincere person. These attributes serve only to enhance his personality.

The final test of a leader is that he leaves behind him in other men the conviction and the will to carry on . . . The Genius of a good leader is to leave behind him a situation which common sense, without the grace of genius, can deal with successfully.

Walter Lippmann

KAY LINDER B.S.

Kay came to McKendree as a freshman in 1957. She quickly became interested in campus life and took an active part in it. She could often be found in the Science Hall working as a lab assistant or working on a project of her own in either the Biology or Chemistry Department. This would indicate her major field, which is Science.

She was an active member of Sigma Zeta, serving as President her senior year. During her junior year she was assistant editor of the McKendrean. Her leadership ability was aptly displayed her senior year, when she served as Student Body President. The crowning touch came when she served as Special Maid at the 1960 Homecoming activities.

A friend is a person with whom I may be sincere. Before him I may think aloud.
A friend may well be reckoned the masterpiece of Nature.

Ralph Waldo Emerson

ROBERT ZEIGLER A.B.

Anyone for a beautiful song? Hearing Bob's splendid baritone voice is the answer to anyone's quest for the perfect song. His many musical activities at McKendree for the past four years include the McKendree Choir, the Chapel Choir, and the Men's Quartet. In addition, he has sung at the St. Louis Municipal Opera for the past two summers, and has appeared in several operas on campus.

From this impressive list of musical accomplishments, one would expect Bob's major to be music — which it is. His activities are not limited to the musical however, as he has been an active member of Plato, Stage Crafters, and Alpha Psi Omega.

Music resembles poetry;
In each are nameless graces
Which no methods teach,
And which a master-hand
Alone can reach.

In the past the paper has been prepared by the journalism classes but this year is completely on a voluntary basis. Mrs. Mary Ellen Williams is adviser.

A Memo . . .

To: Charlie Cox

From: McKendrean Staff

Re: Thank You !

Charlie, we don't know exactly how to say this. In fact, we don't even know what to say. When you resigned your position as Director of Public Relations of McKendree College on January 15, 1961, we were shocked and sorry to hear the news. The immediate thought each of us had was, "What about the yearbook?" Whether you realize it or not, you were just about the most important cog in the machinery of our yearbook. You took all our pictures, developed them, and then printed them exactly the size we asked, in order that we might save a substantial sum in picture enlargements and reductions. But suddenly you were gone. What would we do?

In our excitement we had forgotten — for the moment — what a wonderful friend and co-worker you are. Even after you had accepted a better position elsewhere, you took many hours of your leisure time to do our work because you didn't want to let us down. And you didn't! Thus, what small measure of success this yearbook may enjoy can be attributed, to a large extent, to you and your diligent work.

Not only do we of the 1961 staff, but every staff since you came in 1958, owes you a debt of gratitude for your beautiful and artistic photography that has made our yearbooks so much more enjoyable. The extra hours you put in on evenings and weekends certainly paid off — for us at least.

So we want to say thanks Charlie — thanks and so much more — for your outstanding contribution to McKendree. The pictures and yearbooks from the years 1958 to 1961 attest to the fact that we need to say "THANKS"

Problems and Perspectives for the '60's

Left to Right: Mr. Irving Dilliard, Judge James Monroe, Dr. Max P. Allen, Dr. Donald Taylor, Mr. Allen Dixon.

McKendree was both pleased and honored to have on its campus last fall five outstanding public figures who took part in a twelve week Monday evening lecture series, PROBLEMS AND PERSPECTIVES FOR THE 60'S.

Mr. Robert Brown, Division of Social Studies faculty member, was moderator for the panel which consisted of Dr. Donald Taylor, Professor of Sociology at Southern Illinois University, Dr. Max P. Allen, President of McKendree College; Mr. Allan Dixon, Illinois State Representative; Mr. James O. Monroe Jr., Illinois Circuit Judge, and Mr. Irving Dilliard, former editor of the St. Louis Post Dispatch Editorial Section.

The speakers commented on the topic in view of their respective professions and answered questions from the audience each session.

Fashion Show

Last fall the girls from Clark Hall dormitory presented a Fashion Show, My Fair Lady, to raise money for the Homecoming activities. Several of the dormitory girls and a few ladies from Lebanon modeled fashions from Lerner's in Belleville. Children's clothes from Kiddie Korner in Collinsville were also displayed. Everyone connected with the show felt that it was a success and that it should become an annual affair.

TENNIS

The 1960 version of the McKendree Bearcat tennis team, though hampered by inexperience and a lack of returning lettermen, nonetheless displayed considerable talent with the racket and a strong determination of spirit. Although they won no matches in 1960, hopes are bright for the future with one sophomore, one junior and one senior returning as lettermen.

Left to Right: Bill Roberts, Bob Johnson, Carl Behrens.

GOLF

The 1960 golf team was the first one to represent the Bearcats on the golf links of the Conference. They too, like the tennis team, lacked players experienced in competition, but fared remarkably well with this disadvantage. Three of the five lettermen will again be on the course in 1961 and it is anticipated that it will be a successful year for them and for McKendree.

BASEBALL

The 1960 Bearcat Baseballers, under the expert tutelage of Coach Dale Cruse, kept up the winning ways that have become a tradition at McKendree by compiling an overall record of 17-6, and a 6-2 Prairie College Conference record that was second to none.

This marks the seventh straight year McKendree has won the Conference baseball crown and brings the seven year Conference record to an outstanding 53 victories and only 7 defeats.

The Editor's Page . . .

The experiences I have had in my years at McKendree and particularly in editing the 1961 MCKENDREAN have run the gamut of human emotion — from delightfully joyous to disappointingly sorrowful. It has been a great honor to edit this book — an honor such as I shall undoubtedly never have again — but that honor is infinitely small when I compare it with the honor that I feel as a McKendrean. I like to think that in this yearbook I have shown just how much of an honor I think it is to be a part of McKendree. And because of this, I sincerely hope that this yearbook and every other memory of McKendree you may have will occupy a place of honor in your heart and in your life. This is my desire, not because of my position as editor but because of my position as a McKendrean.

What McKendree means to me and I'm sure to countless others is more than an education, more than a preparation for life, more than a time of physical, emotional, intellectual, and spiritual maturation, more than joyous hours of happiness, excitement and awed expectancy, more than friends and fellowship, more than all of the things we could say to describe this extremely nebulous feeling. And because we cannot say in words how we feel, we will have to say with dedicated lives and meaningful actions what is within our hearts — a something that borders on the spiritual, the ethereal, the — let us simply call it "The Spirit of McKendree."

My wish is that in this 1961 MCKENDREAN that spirit has been captured and will remain the prisoner of all dedicated McKendreans.
